The Third International Conference on Biological Information and Biomedical Engineering (BIBE 2019) was successfully held in Hangzhou, China during July 20 to 22, 2019. The conference was an annual forum for researchers and application developers in the area of biological information and biomedical engineering.

This conference proceedings included 109 accepted articles selected from 235 submissions.

We would like to express our gratitude to the reviewers of these manuscripts, who provided constructive criticism and stimulated comments and suggestions to the authors. We are extremely grateful as organizers, technical program committee and editors and extend our most sincere thanks to all the authors for their excellent contribution and work. Our sincere gratitude also goes to the VDE Verlag GmbH editors and managers for their helpful cooperation during the preparation of the proceedings.

On behalf of the Organizing Committees of BIBE2019
