The Sixth International Conference on Biological Information and Biomedical Engineering (BIBE2022) was supposed to be held in Qingdao, China during July 19-21, 2022. Due to the continuing impact of pandemic, the organizing committee decided to hold BIBE 2022 virtually on July 19-20, 2022. This event attracted over 50 participants from 3 different countries and regions, and shared the latest research findings in the area of biological information and biomedical engineering.

We would like to express our gratitude to the reviewers, who provided constructive criticism and stimulating comments and suggestions to the authors. We are grateful to organizers, technical program committee for their precious time and advice, and extend our most sincere thanks to all the authors for their excellent contribution and work. Finally, our sincere thanks also go to the VDE Verlag GmbH editors and managers for their helpful cooperation during the preparation of the proceeding.

On behalf of the Organizing Committee of BIBE 2022.
